*Bosweillia
serrata*

- Antifungal/bacterial
- Reduce inflammation
- Manage arthritis pain
- Support digestive health

Dosage and Safety

Welcome to our Petdaptogens pet supplement dosage instructions page, where we provide comprehensive guidance on how to administer our products to your beloved cats and dogs. Ensuring the correct dosage is crucial for the safety and effectiveness of any supplement regimen. By following our precise dosage instructions tailored for each pet, you can optimize the health benefits and support the well-being of your furry companions.

1

Refer to the dosage guide on the box for the correct dosage based on the weight of your cat or dog. Remove your bottle and refer to measure corresponding dose with dropper.

2

Place the dropper head into the bottle and fill it to the correct dosage. Dispense the liquid into your pet's water bowl, or directly into their food. No mixing necessary.

3

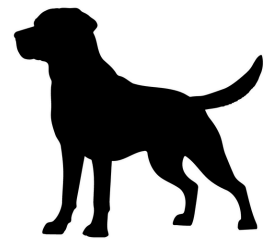

Observe your pet's reaction to the supplement over 10 minutes. Experience the fast-acting results of Petdaptogen pet supplements. Please recycle all waste wherever possible.

For best results, we recommend following our Petdaptogens Dosage Guide based on your cat's size.

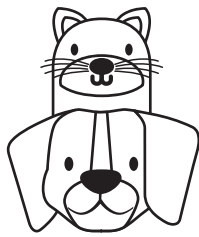

Weight	Dosage
1-2kg	0.5mL
3-4kg	0.5mL
5-6kg	1.0mL
7-8kg	1.0mL
9-10kg	1.5mL
11-12kg	1.5mL
13-14kg	2.0mL
14-15kg	2.0mL

Weight	Dosage
2-4kg	0.5mL
5-13kg	1.0mL
14-24kg	1.0mL
25-37kg	1.5mL
38-51kg	1.5mL
52-68kg	2.0mL
69-85kg	2.0mL
>86kg	2.5mL

For best results, we recommend following our Petdaptogens Dosage Guide based on your dog's size.

Please refer to specific cautions and warnings for each Petdaptogen blend. When considering incorporating these adaptogen ingredients into your pet's diet, it's essential to consult with a veterinarian to ensure safety and appropriate dosages.
